

Qualified PCV Drivers and Trainee PCV Drivers.

At the forefront of our business are our drivers. Their skills and attitude are critical in getting our customers, whoever they might be to wherever they might be going on any of our services. We are a great company to work for and we are proud to be part of the East Lothian Community.

About you

We have high expectations of our people. As a driver you will be an ambassador not just of our company, but of East Lothian.

You will have a full PCV licence and CPC qualification OR be willing to train for this. To qualify for our training you will need to have held a full manual car licence for 2 years or more and have no more than 6 penalty points. Preferred candidates will have recent experience of driving large vehicles. A knowledge of the East Coast Buses network would be advantageous but not critical as we will provide full training and support.

About the role

We currently have vacancies for drivers in both our Musselburgh and North Berwick depots.

You will be extremely safety conscious whilst having a flair and passion for customer service. You will enjoy learning and have the ability to recall and apply information that you have learnt while in training on a day to day basis in the job. With a keen eye for detail, you will also be able to concentrate and maintain this level of concentration, even when working for long periods on your own.

On joining our team you will be welcomed into the driving school, supported by some of the most experienced and approachable trainers the industry has to offer. Post training you will have a qualification for life and be encouraged to develop with support from our internal buddies. This will be continuous and you will be given the chance to improve yourself with annual refreshers leading to a Certificate of Professional Competence including driver quality monitoring to make 'our team' even better.

Salary & Benefits

- Starting salary circa £324 per week during training and rising to circa £381 per week following training
- The average driver can earn £20,000 + including overtime
- Generous annual leave and other family friendly benefits
- Free Ridacard for you and a heavily discounted card for a family member (65%)

Please note:

All successful candidates will need to pass a pre-employment medical and drug test, and be willing to be subject to in-employment drug and alcohol testing on a random basis.
